University of Business and Science

UNIVERSITY OF BUSINESS AND S

www.ubs.uz

ABOUT US

Our university was founded in 2022, is a nonstate higher educational institution focused on training specialists of high quality education.

Our academic programs are formulated with adherence to standards and principles set by The Ministry of Education and Innovation of Uzbekistan. Some of the programs are adopted from internationally recognized programs and accustomed to our students.

The university obtained the license (No. 056221) by adhering and complying with the rules and regulations of providing higher education services, which gives the right to carry out activities in the field of higher education, issued by the Ministry of Higher Education and Innovation of Uzbekistan.

OUR VISION & MISSION

"Empowering Minds, Inspiring Futures: A Nexus of Knowledge, Excellence, and Innovation"

Our university is committed to fostering intellectual growth and empowerment by seamlessly integrating theoretical knowledge with practical excellence.

We strive to create dynamic learning environment that not only upholds academic rigor but also places a strong emphasis on the application of knowledge in real-world scenarios.

Through a culture of continuous innovation, the university aspires to shape the leaders and innovators of tomorrow, preparing them to navigate the challenges and opportunities of a rapidly evolving world

2

Student's Social Life

"Education is not just about textbooks and exams; it is also about the friendships where we forge, the memories we create, and the lessons we learn outside the classroom"

3

Social Events

Regularly organized parties, cultural celebrations, and academic gatherings

Extracurricular Activities

Besides academic programs students are encouraged to join clubs, sports, or cultural organizations to improve their networking skills

4

OUR ACHIEVEMENTS AND

Sustainable development

Implementation of the principles of "green economy" in all aspects of the educational process

Scientific research

On September 12, 2023, we obtained license to publish university scientific journal which is considered as official mass media. Recently, we have launched 1st edition of the scientific journal "UBS Scientific Encyclopedia"

Scholarships

Our university has granted fully funded scholarships for more than 200 students in this year. It includes merit-based grants, special grants to underprivileged students and women

ONGOING PROJECTS 2024-2025

International Ranking

Formulation of strategies for entering international and local ratings and its implementation. Through this, to enter the ranks of prestigious universities of our country and the world

Internationalization

In this year alone, our international department managed to cooperate with more than 10 universities and education bodies

Innovation

We are in process of full integration of the administration and academic processes with technologies
